

GEP TEAMS WITH AMAZON BUSINESS, PROVIDING QUICK, EASY ACCESS TO AMAZON MARKETPLACE ON LEADING CLOUD-NATIVE SOURCE-TO-PAY PROCUREMENT PLATFORM, SMART BY GEP

- **GEP and Amazon Business deliver a new option to help optimize enterprise spend**
- **Enterprise spending guidelines and controls applied automatically**
- **Helps market-leading companies worldwide lower costs, improve compliance and boost user adoption**

Clark, NJ – December 28, 2017 – GEP, a leading provider of [procurement software](#) and procurement services to Fortune 500 and Global 2000 enterprises worldwide, announced today that it has integrated its SMART by GEP® procurement software, the industry's leading cloud-native sourcing, procurement and spend management software platform with Amazon Business, providing its global enterprise customers with access to Amazon Marketplace.

SMART by GEP customers now have quick, easy access to Amazon Marketplace, providing them another way to efficiently source a wide range of business essentials, while enabling them to apply their unique spending guidelines and controls automatically.

SMART by GEP is a complete, unified source-to-pay procurement software platform, which is native to cloud, touch and mobile technologies. SMART by GEP leverages cloud economics to deliver a solution that easily handles the heaviest processing requirements of GEP's Fortune 500 and Global 2000 clients, while eliminating burdensome infrastructure and support costs.

SMART by GEP is easy to set up, deploy and use, with no extensive training required. All GEP products are platform-agnostic (they work with SAP, Oracle or any other major ERP or F&A system). And with superb support and service, GEP is an industry leader in customer satisfaction.

SMART by GEP provides complete source-to-pay functionality in one user-friendly, cloud-native platform, inclusive of spend analysis, sourcing, contract management, supplier management, procure-to-pay, savings project management and savings tracking, invoicing and other related functionalities. The award-winning, SaaS-based S2P platform is native to touch and mobile technologies, enabling users to work anywhere, any time on any device.

About GEP

GEP helps global enterprises operate more efficiently and effectively, gain competitive advantage, boost profitability, and maximize business and shareholder value.

Fresh thinking, innovative products, unrivaled domain and subject expertise, and smart, passionate people – this is how GEP creates and delivers unified business solutions of unprecedented scale, power and effectiveness.

With 14 offices and operations centers in Europe, Asia and the Americas, Clark, New Jersey-based GEP helps enterprises worldwide realize their strategic, operational and financial objectives.

Recently named Best Supplier at the EPIC Procurement Excellence Awards, GEP is frequently honored as an innovator and leading provider of source-to-pay procurement software by top industry and technology analysts, such as Forrester, Gartner, IDC, Spend Matters, PayStream and Ardent Partners. GEP also earns top honors in consulting and managed services from the industry's leading research firms, professional associations and journals, including Everest Group on its PEAK Matrices of Procurement Services Providers and Supply Chain Services Providers; NelsonHall on its NEAT Matrix of Global Procurement BPO Service Providers; HfS in its Blueprint Report on Procurement-as-a-Service; and ALM Intelligence in its Vanguard Reports on both Procurement Consulting and Supply Chain Consulting.
