About The Global Outsourcing 100

The International Association of Outsourcing Professionals® (IAOP®) is in its fifth year of compiling its annual ranking of the world's best outsourcing service providers and advisors – *The Global Outsourcing 100*. As part of *The Global Outsourcing 100*, IAOP also introduced a new list in 2009, *The World's Best Outsourcing Advisors*.

The Global Outsourcing 100 and its sub-lists are essential references for companies seeking new and expanded relationships with the best companies in the industry. The lists include companies from around the world that provide the full spectrum of outsourcing services — not just information technology and business process outsourcing, but also facility services, real estate and capital asset management, manufacturing and logistics. They include not only today's leaders, but tomorrow's rising stars.

The World's Best Outsourcing Advisors is geared specifically to companies that are outstanding global outsourcing advisors and consultants. In addition to being part of *The Global Outsourcing 100*, the new list of advisors ranks the top consultant, legal and related advisory firms globally, and is a valuable reference tool for companies needing expert advice and guidance with their outsourcing projects.
