

## ONE OF THE WORLD'S LARGEST CORPORATE LAW FIRMS CHOOSES SMART BY GEP PROCUREMENT SOFTWARE FOR GLOBAL DEPLOYMENT

- **One of the world's largest corporate law firms chooses cloud-native SMART by GEP® procurement software to automate and streamline its global source-to-pay operations**
- **Powerful SaaS-based procurement platform is easy-to-use, and native to cloud, touch and mobile technologies**

**Clark, NJ – April 18, 2016** – GEP, a leading provider of procurement software and procurement services to Fortune 500 and Global 2000 enterprises worldwide, announced today that one of the world's largest corporate law firms has selected [SMART by GEP® procurement software](#), the industry's leading source-to-pay platform to help streamline and automate the operations of its enterprise procurement teams globally.

The firm is deploying the cloud-based platform's spend analysis, sourcing, contract management, supplier management and procure-to-pay (P2P) functionalities.

SMART by GEP is a complete, unified source-to-pay software platform, native to cloud, touch and mobile technologies. Offered as Software-as-a-Service (SaaS), SMART by GEP leverages cloud economics to deliver a solution that easily handles the heaviest processing requirements of GEP's Fortune 500 and Global 2000 clients, while eliminating burdensome infrastructure and support costs.

SMART by GEP is easy to set up, deploy and use, with no extensive training required. All GEP products are platform-agnostic (they work with SAP, Oracle or any other major ERP or F&A system). And with superb support and service, GEP is an industry leader in customer satisfaction.

SMART by GEP provides complete source-to-pay functionality in one user-friendly, cloud-native platform, inclusive of spend analysis, sourcing, contract management, supplier management, procure-to-pay, savings project management and savings tracking, invoicing and other related functionalities. The award-winning, SaaS-based S2P platform is native to touch and mobile technologies, enabling users to work anywhere, any time on any device.
